Offer

From Monday to Friday there is delicious and healthy food for registered children and teenagers. In cooperation with the department for education of Basel-Stadt we offer a professionally pedagogic supervision during lunch time from 12.00-14.00

The kids can be registered for single days of the week or every day, for at least a semester. The offer is for children from Kindergraden, primary schools and Orientierungsschulen from the Canton Basel-Stadt.

We get our food from a caterer, who offers a balanced menu, either vegetarian or with meat.

During supervision the kids are allowed to use the Pumpwerk sports area, equipment inclusively. On our huge area we also offer other sports like: slackline, table-soccer, Ping-Pong, and a chilling-area for reading, etc.

Business-hours

Monday to Friday from 12.00-14.00 h.

Closed on Saturday and Sunday.

During school holidays in Basel-Stadt and the obligatory holidays the lunch special is closed. Participants of the lunch specials are allowed to use the sports area from 14.00 h for free, on the days they visit the lunch special area.

The supervision ends at 14.00.

Registration

The registration has to be in written form with the given registration form. The inclusion happens independent from origin, nationality or confession. Kids whose siblings participate at the lunch special are prior to others. The registration is confirmed in written form.

Payment/Bill

The bill follows with the confirmation of the registration as lump sum for the whole semester must be paid beforehand. In case of absence a refund is not possible. Excluded are absences due to accidents or illness.
